## ABOUT ME

Results-driven Full Stack Developer and Project Manager with 3+ years of experience designing and delivering scalable digital solutions. Adept at bridging technical execution with strategic goals, combining deep hands-on development skills in Flutter, Laravel, and Firebase with proven project leadership. Successfully led international and local projects across real estate, fitness, and streaming domains.

## EXPERIENCE

### Project Manager – Bembex Lab

July 2025 – Present

- Lead cross-functional teams to deliver high-impact digital solutions aligned with strategic objectives
- Define scope, success metrics, and develop comprehensive project plans
- Coordinate internal and third-party teams, ensuring on-time, high-quality delivery
- Apply Agile/Scrum practices: stand-ups, sprint planning, retrospectives
- Manage risks, issues, and scope changes while maintaining client communication
- Ensure quality, UX standards, and post-launch learning integration

### Mobile App Developer (Part-Time, Remote) – Devens AI

July 2025 – Present

- Build scalable, user-friendly mobile apps using Flutter and Firebase
- Work in remote Agile teams to prototype, test, and launch cross-platform apps
- Apply clean coding principles, modern UI/UX, and performance optimization
- Maintain seamless communication and version control across the dev lifecycle

## EXPERIENCE

### Senior Web Developer – SU Solz

Sept 2024 – July 2025

- Led development of GymSolz and Dhartti platforms using Laravel & Flutter
- Built biometric systems, multi-tenant features, health tracking tools
- Developed scalable architecture for real estate portal and CMS capabilities

### Frontend Developer – STEPWAY

Aug 2023 – Aug 2024

- Designed responsive interfaces using Bootstrap, jQuery, and JavaScript
- Collaborated on UI/UX improvements and accessibility enhancements

### Key Projects

#### Blog Website – schinnsolar.com (German Client)

- Built a bilingual solar energy blog with responsive design and language switcher.
- CMS features enabled easy content publishing

#### Real Estate Platform – Dhartti

##### SU Solz | UK Client | Laravel 11 + Flutter

- Developed Zameen.com-style property portal with calculators, trend analysis, bidding system, and multilingual support.
- Implemented dynamic web & mobile portals for buyers, sellers, and contractors.

#### GymSolz – SU Solz Flagship Product Laravel + Flutter (In Progress)

- Multi-tenant gym management system with smart biometric check-ins, trainer/member portals, health tracking, whitelabeled site generator, and dynamic fee control.

#### Lucifer Donghua – Streaming App Freelance Client | Flutter + Firebase

- Built full-featured multilingual streaming app with CMS, calendar-based filtering, real-time comments, and analytics
- Integrated AdMob for monetization and Firebase for backend services.
